

A VOTE FOR THE DEBT DEAL IS A VOTE FOR TREASON

Today the U.S. Congress will vote on a legislative package that, if passed, will mean the end of the United States. If the package worked out through the debt ceiling negotiations with the Obama administration is passed, it means that the United States is sunk overnight, and the U.S. and the world goes into a Dark Age.

Today Lyndon LaRouche issued this urgent call. “We are in an emergency situation...What the press is saying is misleading. ...This is intended to be the Hitler Coup, right now. It’s the equivalent of the Hitler Coup, only it’s worse. You’re going to see a lot of dead Americans piling up on the streets, and I mean it literally—unless we turn this thing around.

“We still have the possibility of turning it around. The urgency with which we can respond to this, is going to be decisive.”

The legislation which is intended to be voted on sometime today, August 1st, will establish the following:

1. An initial cut of \$1 trillion from the federal budget.
2. The creation of what Obama has named the Supercongress, a 12 person body composed of 6 Democrats and 6 Republicans who are tasked to come up with an additional \$1.5 trillion in cuts by November 23rd of this year.
3. The recommendations made by the Supercongress for an additional \$1.5 trillion in cuts will be sent to both houses of Congress to receive only an up or down vote. The House and Senate cannot amend or filibuster the recommendations

of the Supercongress. If the Congress votes no on the recommendations, the \$1.5 trillion in cuts will be evenly distributed between the defense budget and domestic entitlement programs.

If the Congress does not go along with the proposed cuts of the Supercongress, the cuts go through anyway.

This is what the Congress is voting on today. As of this morning there is opposition from the Progressive Caucus and Black Caucus. However, many other members of the Congress are ready to vote for treason. They are capitulating to the terror campaign run through the Obama White House, Wall Street, and the City of London that has said if the debt ceiling is not raised it will cause a government shutdown, the U.S. credit rating and the credit rating of cities and states will be downgraded, and the markets will crash.

This is a lie.

The crash is not determined by these factors, the crash has already happened. These measures will not buy time, they will guarantee the destruction of the United States Constitution.

Our only line of defense in this coup attempt is the passage of Glass-Steagall. Mobilize for action, call every member of Congress, and tell them that a vote for the debt deal is a vote for treason. Demand the reinstatement of Glass-Steagall, H.R. 1489, immediately.

Glass-Steagall is our defense, it is the only measure that will save the nation.

The vote today is Obama’s Hitler Coup. It is in our hands to stop it, now.

ALERT: THIS IS OBAMA'S HITLER COUP

The following message was delivered by Lyndon LaRouche at 10 AM August 1.

Twelve or thirteen minutes ago I got an urgent call from Debbie (Freeman), announcing facts which are not in the press, that is, not stated in the press—which is understandable. The United States has just been sunk. Overnight. And what's in the press is a damn lie; it's a misleading story.

What you are about to lose, is the United States. You're about to lose civilization. You're about to plunge the whole planet into a Dark Age.

I received a report from Debbie this morning, just about 10 or 15 minutes ago, and she gave me the rundown on it. We don't have the documented facts, but we have it from [reliable sources] as to what the agreement was.

The agreement is the death of the United States. And if we don't stop it, right now, that could be the end. So therefore, anything we were going to say this morning, has to be updated.

That's the emergency.

Everything we thought was the case on the basis of the reading of the press this morning, is not accurate. It's misleading. It's a partial story which does not get to the meat of the thing. And Debbie gave me very urgently a summary of this thing. But we have to get it immediately. Because this thing is going down fast.

This is intended to be the Hitler Coup, right now. It's the equivalent of the Hitler Coup, only it's worse. You're going to see a lot of dead Americans piling up on the streets, and I mean it literally—unless we turn this thing around.

We still have the possibility of turning it around. This is the big one. The urgency with which we can respond to this, is going to be decisive.

The key thing is our getting a report quickly this morning, while we still can, in order to preempt this situation. **SO WE ARE ON ALERT.**
